COOKIE POLICY

About the use of cookies on punto.sud websites

Preamble

On the website www.puntosud.org and on the other *Fondazione punto.sud* websites, we use cookies for different purposes:

- To improve the browsing experience;
- To manage the donation process in an optimal manner;
- To collect data on the use of the site by users (for example the most visited pages, origin of traffic, site performance), which allow us to improve the content, functionality and navigability of the site;
- To offer the public our site content and fundraising messages of interest – both on this site and outside of it (for example, on Facebook or other advertising platforms).

We remind you that by pressing the "OK" button present on the notice concerning the use of cookies, you consent to our use of "remarketing and profiling" cookies, also from third parties (see below). We also use first-party technical cookies, third-party analytical cookies, and other types of cookies. In the section "Which cookies do we use" and "Refusing cookies" (below) you will find detailed information on this.

At the bottom of this document, you will find the last revision date. This document may be updated at any time, based on updates and technical and functional changes that we can make on this site; these updates will be valid starting from their publication on this site.

What are cookies?

A cookie is a text file that is sent from a website to the device used by the user to view it (computer, tablet, phone, etc.). The cookie is saved on the user's device for a fixed duration (from a few minutes to several months) and can be read by the site that issued it. A cookie contains information regarding the site that issued it, about its expiration date, and specific data saved to the single cookie.

Based on their origin, cookies can be:

- *first party*, that is sent directly from our site;
- *third parties*, coming from other sites and sent through our site.

If we look at their purpose, cookies can be:

- *technical*: they are used to perform navigation tasks or to provide a service requested by the user and are not used for other purposes;
- *analytical*: they are used to gather information on the behavior of users of the site, such as the number of visits, the most visited pages, the channels of origin of visitors. We use them to collect this data in an anonymous and aggregate form;
- *profiling*, sent by third parties: are the cookies used to track the user's browsing on the web and create profiles on his/her tastes, habits, choices. Through the information contained in these cookies, for example, targeted advertising messages can be sent to the user's device in line with the preferences already expressed by the same user in the online navigation.

Which cookies do we use?

Our Websites uses technical cookies to make it possible to provide its service.

We also use third-party cookies to enhance the browsing experience of our site and marketing and profiling cookies, which allow us to use personalized ads on our activities on Google and Facebook, based on the browsing behavior of users on our site.
